

## Virtual Adult Workshop on Cyber Safety

The COVID-19 pandemic and its resulting quarantine has brought about many unexpected changes for families including, for those with children, distance learning with an exponential increase in screen time and internet use. Adults need to be aware of how to keep kids safe in the virtual world.

### IN OUR WORKSHOP PARTICIPANTS WILL LEARN:

- about internet safety and the risks associated with the internet
- types of virtual safety issues that kids face, like cyberbullying and potential consequences from sharing personal information
- how kids and parents can be more prepared for internet safety issues and know what to do

Informational resources will be provided

*Instructors, Officer Stacy Gutierrez and Officer Dane Woolwine, are members of the School and Community Engagement Team. They provide training and education to the community and students in San Gabriel.*
